FlashPARCS

Your Total Revenue Access Control Solution

Tap into the Power of FlashPARCS

FlashPARCS is an enterprise level PARCS solution that provides real-time visibility over gated parking operations at class A office buildings, hotels, hospitals, airports, and venues that have both valet and garage options.

FlashPARCS is also part of FlashParking's fully integrated parking ecosystem, which delivers a unified platform for all our solutions:

- > FlashValet (valet and event parking)
- > FlashMobile (mobile payments)

So no matter what your parking needs are, we have you covered!

1 Machine for ALL Your Needs

Entry | Exit | Pay on Foot | Pay & Display
Pay by Space | Pay by Plate

Self-Serve Maintenance

All components are part of a plug-and-play (USB-based) system.

FlashPARCS Emergency Kit

Kit includes major replacement parts, minimizes downtime and reduces your maintenance cost.

Cash Acceptance

FlashPARCS offers two types of cash options: Cash Recycler and Exact Change Only

Monthly Parker Module

The module offers an array of access options; guests can create and manage account online.

Award-Winning Platform

Named "100 Most Brilliant Companies" by *Inc. Magazine*.

PCI-DSS Level 1 Service Provider

We are compliant, which means the majority of the burden for staying compliant lies with us.

Seamless Integrations

Integrated with top hotel PMS, online parking reservation, legacy PARCS systems, and more.

Real-time Business Intelligence

Access to over 100+ reports accessible via phone, tablet, or browser.

All Across the U.S.

Our Smart Stations are up and running all across the U.S.
