 **FlashValet**

**Your Total Valet** and  
**Event Parking Solution**

## Tap into the Power of FlashValet

**FlashValet** offers the most advanced cloud-based valet and event parking solution for any venue type and size.

FlashValet is also part of FlashParking's fully integrated parking ecosystem, which delivers a unified platform for all our solutions:

- > FlashPARCS (gated and monthly parking)
- > FlashMobile (mobile payments)

**So no matter what your parking needs are, we have you covered!**

### iOS-based App

Perfect for valet at hotels, airports, restaurants, condos, hospitals, malls, and more!

### Traditional Valet

Upon check-in guests receive a paper ticket and can text for their vehicle.

### Ticketless Valet

No paper tickets; guests can check-in with mobile number.

### Event Parking

FlashValet is set-up to handle stadium-level as well as small event parking venues.

### Monthly Parker Module

The module offers an array of access options; guests can create and manage account online.

### Award-Winning Platform

Named "100 Most Brilliant Companies" by *Inc.* Magazine.

### PCI-DSS Level 1 Service Provider

We are compliant, which means the majority of the burden for staying compliant lies with us.

### Pay on Foot Kiosk

Give guests the ability to pay and request for their vehicle at a stand-up kiosk.

### Valet Monitor Module

Enhance a guest's experience by broadcasting vehicle request status on a large screen monitor.

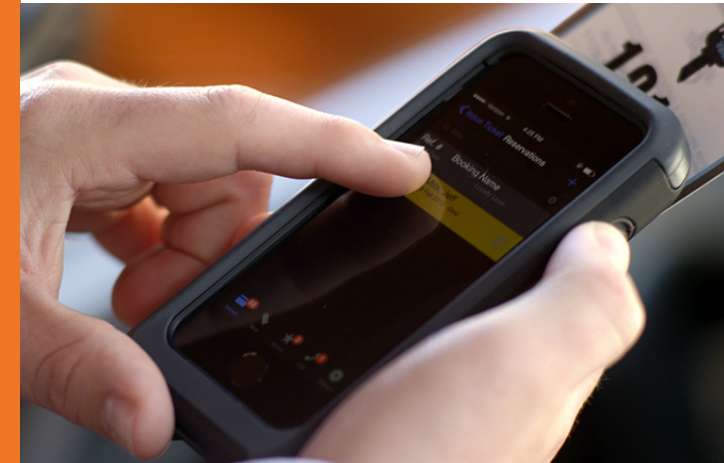

### Over 800+ Strong

FlashValet is used by over 800+ locations in the U.S. and internationally.
